DETAILED ACTION

Information Disclosure Statement

The information disclosure statement (IDS) submitted on 09/06/2005 has being considered by the examiner.

Allowable Subject Matter

Claims 23, 24, 26-29, 31-44 are allowable over prior art.

The following is an examiner's statement of reasons for allowance: claims 23, 24, 26-29, 31-44 are allowed because the references cited fail to teach, as applicant has, averaging at least one of the frequency-selective amplitude-specific transmission characteristics and the frequency-selective phase-specific transmission characteristics of adjacent subcarriers of one of the first and second transmit signals for determining the frequency-selective transmission characteristics of the transmission medium, as the applicant has claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
